

Planning applications considered under the emergency procedures

August 2020

PA20/00468

The following concerns were raised:

- Access: The roads leading to this proposed development are narrow local roads and in many stretches they are single track.
- Visual Impact: This development will be visible from Padstow and the estuary
- It is new building in the countryside, and we believe this to be within the AONB so extra care should be taken to minimise any impact it has on the surrounding area.
- There are concerns that the size and scale of the units are too big to be in keeping with the area.

However, the St Issey Parish Council supports this application. 5 Councillors declared an interest, 1 abstained, 1 objected and 3 supported, so this was carried in favour of the application.

Note: Due to the restrictions placed on the Council as a result of the covid-19 (coronavirus) pandemic, this response represents the opinion of St Issey Parish Council identified through a consultation process and will be ratified at the next appropriate meeting of the Council.
